

Are you looking for a fresh start? A new beginning? If you want to be next to the chance of an amazing new life, then that sounds like a great idea! However, the process of creating and launching a project isn't always easy. It can require an enormous amount of time and energy. Perhaps you're starting your own company and need help with marketing strategy. Perhaps you're starting your own business and need help with budgeting or finances. Or perhaps the only thing on the horizon is creating content for your blog or website, but nothing seems to come easily before it does...

Then Postal 3 is for you!

Using the proven Postal series style, this game retains all the features that made it an instant classic. You can create your own maps, make completely unique levels and share them with the community. The whole process from map design to final execution is streamlined so that anybody can enjoy it. Add a flash movie or a music soundtrack and let your mind fly through the skies of reality!

Tips: In order to show you how easy it is to create your own maps, we have prepared a few free maps that you can download locally into the game folder / ufunpack / Maps / Postal3Maps . We also prepared a little tutorial video to help through the process of map creation. The video is in Russian, but we're sure you'll find it easily understandable with the map in front of you and the detailed instructions in voice. Use this link: <http://youtu.be/3R19w0HvG4I>
